Syrym Kenzhaliyev

Date of birth 06 of March 1982.

Nationality Kazakh

Marital status Married

Objective To work in the dynamical, innovative and intercultural environment, to stay focused in work with the team, to apply my knowledge and skills and get new useful experience.

Work experience

August 2007 – till present time **Aksai, Kazakhstan**
Institute of nuclear physics
Aksai branch
Radiation measuring department. Laboratory of engineering ecology.
Engineer-physicist

- Radioactivity control in objects of Lira zone.
- Radioactivity monitoring of soils and waters.
- Radioactivity monitoring of Lira zone.

March 2007 – August 2007 **Uralsk, Kazakhstan**
Government research institution «Micrographs»
Designing and technological centre
Mechanical design engineer

- Execution of construction documents.
- AutoCAD 2002 – 2007 system projection
- Development and designing of oil and gas equipments.
- Performance of strengthening calculation.
- Instruction of a personnel and trainees for projection in AutoCAD and Autodesk Inverter systems

March 2004- March 2007 **Uralsk, Kazakhstan**
JSC «Uralsk Zenit plant »
Design documentation department.
Mechanical design engineer

- Development of technical and working drafts to composite constructions. Control and provision of all developed constructions in compliance with the requirements: state

standards, safety precautions, requirements of the most economic “know-how”, and using of standardized and unified details.

- Drawing up of detailing, working plans and special units on the basis of basic diagrams and outline sketches.
- Participation in manufacturing, installation, adjustment, tests and commissioning of pre-production models. Participation in work on perfection, modernizations a product.

Education

1999-2003 high, West Kazakhstan State University. Uralsk

- Faculty of mathematics and information science.
- Mathematics and Physics.
- Specialty: Mathematics and Physics.

2003-2005 high, West Kazakhstan Engineering and Technical State University. Uralsk

- Polytechnic faculty.
- Machinery and equipments for oil and gas industry.
- Specialty: Engineer

Computer skills

AutoCAD 2002/2007, Autodesk Inventor3D 9/11, Compass 3D v5/8, Ms Office 1997/2007 (Ms Word, Excel, Access, Power Point), Ms Outlook, Adobe Acrobat 7.0, Internet, e-mail.

Languages

Kazakh – native, Russian – fluent, English – colloquial.

Personal skills

Strong computer skills. Excellent of mathematical skills (calculation, accounting and reporting). Personable and get along with others in team. Accurate with attention to detail.
